Index of 1997 Articles

This index of articles published in Volume 22 (1997) of *Rehabilitation Nursing* is divided into two parts. The first part lists articles by topic in this format: *title; author(s); issue number: initial page number*. In this listing, (CE) indicates a continuing education feature, (P) indicates a Perspectives article, and (WV) indicates a World View article. The second part of the index lists each author and the corresponding issue and initial page number of his or her article.
